REMARKS

In the response to Action mailed April 8, 2004, claim 19 was amended to require that a given object be able to have "objects depending directly on the given object and objects depending indirectly on the given object through other objects of the set". The same amendment should have been made to claims 33 and 40. The present amendment is submitted to correct the oversight. In addition, amendments to claims 15, 20, 32, 39, and 54 are submitted to correct typographical errors.

The applicant requests that these amendments be entered, as they place the claims in better condition for consideration on appeal. In particular, the amendments to claims 33 and 40 simplify the issues to be considered on appeal.

Respectfully submitted,
